

Brush, Pad, and Broom Guide

For your floor-cleaning machine, the choice of the correct brush/pad is essential if the job is to be done properly. The right brush/pad will also help to get the job done faster, and the cost savings accrued from these productivity gains can be substantial. Take a look at our brush, pad and broom guide and choose the right tool for the job. Our range includes pads for stripping, scrubbing, spray buffing, polishing, crystallization and burnisher – and every other need. NOTE: The wrong choice can easily damage the floor, so take no chances. These are just suggestions. Seek advice from your local sales representative, and test brush/pad in inconspicuous area.
